

22_ PROGETTO+

Progetto+ è un sistema versatile e trasversale, studiato per esprimere una totale sintonia con lo stile, le caratteristiche e le funzioni del contesto nel quale è inserito: metropolitano o naturale, storico o contemporaneo. Uno spazio vitale, ricco di idee e di personalità, nel quale riconoscere se stessi, i propri gusti personali, la propria cultura della casa e dell'arredo. Un'architettura domestica da immaginare e comporre liberamente, accostando tonalità naturali e nuovi colori di tendenza, vetro, marmo, quarzo, pietra e mineralmarmo, linee essenziali e morbidi volumi. Con la creatività, il rigore, la pulizia formale del design e con la qualità e l'esperienza di un grande protagonista dell'arredo bagno: Inda.

Questo prodotto è disponibile nei quattro mood Industrial, New Classic, Contemporary e Nordic.

Progetto+ is a versatile and transversal system, studied to express complete harmony in sync with the style, the characteristics, and the functionality in any given context: metropolitan or natural, historical or contemporary. A vital space rich with ideas and personality, a place where recognize ourselves, our personal taste, our own culture around the house and in the design. A domestic architecture to imagine and compose freely, putting the natural tones and trendy colours side by side, the glass, the marble, the quartz, the stone and the mineral marble, the essential lines and the soft volumes. With creativity, rigour, the formal cleanliness of the design by Studio Castiglia Associati, and with the quality and experience of a great leader in bathroom furnishing: Inda.

This product is available in the four moods Industrial, New Classic, Contemporary and Nordic.
