## The new frame of wellness

Minimalist lines and high levels of wellness for the Jacuzzi® steam and shower cabin which is the perfect synthesis between functionality and aesthetics. Jacuzzi® technology is expressed in a contemporary design, the result is a new concept that frames the experience of wellness as a work of art. Available in sizes 100x75, 120x80 and now also in the double module: FRAME IN2

## Luxury fittings, minimal aesthetic

The clean lines characterise Frame which presents itself as a comfortable environment where you can experience all the functions dedicated to wellness: raindrop shower, shower with pulsed and sprayed water, energising cascade, shower in colours with preset Cromodream® cycles, steam bath and aromatherapy.

## The first shiatsu hydromassage in a shower

With Frame, Jacuzzi® inserts for the first time in a shower enclosure the shiatsu hydromassage function, together with the classic vertical, back and lumbar hydromassage. In this way the space dedicated to wellness becomes a small private temple: just touch the electronic control panel to activate a unique experience, adaptable to the needs of the moment: from the search for a moment of relaxation to a real and deep hydrotherapy session.

## Enter into another dimension

Frame fits seamlessly into the surrounding space thanks to the large frame that embeds the shower enclosure in any type of environment, not necessarily that of the bathroom, and perfectly symbolises the passage of a hectic and stressful life to a universe dedicated to self-care: Frame is the gateway to a small multi-sensory microcosm created to enjoy intimate moments while immersed in colours, sounds and scents. The shower tray and duckboard are made from Techstone, the handle is made of glass for maximum cleanliness and transparency and 8mm full-length glass panels are equipped with the Crystal Clear function.
