## FEATURES IN THIS COLLECTION:

### Standard Control Panel

This LCD designer top side control panel is compact and easy to use with pre-set programs allowing for a hassle free experience.

### Multicolour Mood Lighting

Speciality multicolour LED lights are designed to allow you to set the ambiance to suit your environment and create that balance between your home and your occasion.

### Design & Finishes

Above or below ground, with or without panels this range is developed and designed to be used indoors or outdoors more like a piece of furniture which is customisable to fit the design of your home.

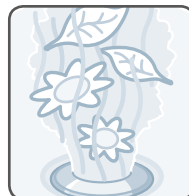

### 2-Stage Filtration

Optimum easy and hassle free pre-programmed filtration.

### Hydrotherapy Seating

Each speciality seat offers a unique point of difference and is designed to create a true 'wellness path'.

### Aromatherapy

Concealed aromatherapy beads letting you relax in the aroma of your choice.

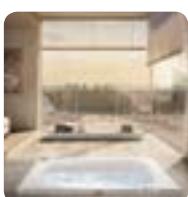

### Speciality Blowers

An advanced air technology which offers a softer massage experience.  
*Not available for City Spa, Flow or Alimia.*

### Sleek Integrated Waterfall

A contemporary minimalist waterfall which provides a relaxing hydrotherapy session.

### Above or In-Ground Installations

Designed to offer you a complete and flexible installation solution either above or in-ground.

### Insulated Cover

A heavy duty, lockable and insulated vinyl leatherette cover to prevent any misuse or heat loss whilst not in use.

## OPTIONAL FEATURES IN THIS COLLECTION:

### Bluetooth® Audio System

Bluetooth® audio system which can be controlled via remote for a great sound experience.

### Performance Kit

Increased commercial performance, sand filtration allows this range to be used in a semi-professional environment and reduces maintenance impact.

*Not available for City Spa, Flow or Alimia.*

### Winterpro Kit

An advanced insulation which improves performance efficiencies in colder weather climates and environments. Recommended for improved efficiency in colder climates.

### CLEARRAY® PROTECT™

State-of-the-art technology that sanitizes the water through the use of ultraviolet light.

*Options and features may vary from country to country, please ask your local retailer.*

# EXCLUSIVE FEATURES IN THIS COLLECTION

## IN PROFILE

### WATER HAS NO BOUNDARIES

- This innovative collection allows you to experience the luxurious deep immersion and beauty of a commercial infinity pool in your own home.
- Profile is the first domestic hot tub in the world that features an innovative overflow grid and integrated compensation tanks, with hidden audio system contributing to the seamless surface and contemporary look.

## IN CITY SPA

### COMPACT DESIGN

- Inspired by the rules of space saving Jacuzzi® has created a hot tub ideal for urban concepts, balconies, terraces and small spaces.
- They feature compact aesthetic lines enhanced to the point of offering two side-by-side seats within a space of just 2.4m².
- Thanks to a limited floor load this hot tub is ideal to position in any part of your home, whilst the reduced height means it easily fits through standard door widths.

## IN UNIQUE & CITY SPA

### CUSTOMISABLE TO YOUR NEEDS

- Elegant, minimalist and refined, these hot tubs are designed to be perfectly in line with the latest trends.
- You can dress and style the exterior panelling with the materials of your choice to perfectly co-ordinate with your home environment.
- These hot tubs give the greatest possible freedom of installation: outdoors or indoors, above or in-ground, in any environment or situation.
