

SHAPE

SHAPE sauna: External panelling and SANARIUM® heater MAJUS.

SHAPE

The SHAPE is a uniquely expressive sauna embodying a masterful fusion of sporty, modern design and a high degree of comfort. It impresses both at first glance and down to the last detail. Its memorable character is unmistakable from the outset through the lovingly finished external panelling which has been painstakingly worked to produce the surface's special tactile quality. The cornered glass front with its screen-printed edge strip and the striking vertical door

handle round off the high-class impression made by the SHAPE, an impression reinforced completely by the interior. The internal cladding and bench furnishing are in hemlock wood throughout, creating a unique air of relaxation. The SUNSET L indirect lighting contributes to this effect, creating an exquisite confluence of design and function in tandem with the SANARIUM® heater MAJUS. For all those who do things their own way even when it comes to relaxation.

SHAPE sauna: Internal cladding of horizontal hemlock panels, SUNSET L indirect lighting and window ledge.

Screen-printed edge strip.
